

## The ERIC LIGHT Featuring OLED Lighting Technology

### About the ERIC LIGHT

The "ERIC LIGHT - OLED Desk Lamp" embraces the round OLED lighting panel making a bold statement while providing high quality light for any environment. The light shown has two Wispy White Fused Glass accents. These accents are offered in many Fused Glass colors to compliment your decor. New Fused Glass colors will be added to the store weekly. The birch body of the light has a hand rubbed resin, and lacquer satin finish. The light then has a hand rubbed carnuba rich wax final coat applied offering a warm silky smooth tactile feel.

### About OLED Lighting

Light your space with the latest in lighting innovation. Ultra-thin OLED lighting panels bring a soft, glare-free ambiance with an even light distribution and high color rendering. It is a premium light source that is as elegant as it is functional and easy to use. OLEDWorks' high efficacy OLED lighting panels reduce energy consumption compared to other lighting technologies. Additionally, OLED panels are 85% organic material and glass and do not contain toxic metals such as mercury.

### OLED Lighting Principles

The LumiCurve Wave by OLEDWorks

#### Health & Well-being

- No blue light hazard risk
- No UV
- No flicker
- Naturally diffuse
- Glare-free

#### Design

- Ultra-thin
- Featherweight
- Flexible
- Cool to touch
- 90+ CRI

#### Sustainability

- Recyclable
- 85% glass
- No toxic metals
- Energy efficient
- No thermal heat sinks
